BRIEF ABSTRACT OF LETTER.

Forwards proposals for the Conversion of the Female Dispensaries at District Head Quarters other than Bangalore and Mysore into maternities to afford facilities for the training of local dayees and others in Scientific Midwifery

NOTES AND ORDERS.

The proposals of the Senior Surgeon involve an initial expenditure of Rs 96,000 or roughly one lakh rupees and a recurring expenditure of Rs 15,840 a year. The opening of maternities will not only afford facilities for imparting training in Scientific

Midwifery but will go a great way to save the lives of young women at childbirth as in rural parts the absence of trained midwives & children accounts for the mortality of women & the necessity for starting maternities at District Head Quarters is admitted the Financial Deptt will have to be Consulted in regard to the ways & means to finance the Scheme.

(6) If the proposals are accepted the cost of the Scheme could be spread over a few years so that within 3 or 4 years all the Dt Head Quarter Towns may be provided with Maternities

(7) The necessity for the establishment of maternities in the Mofussil has been frequently urged but so far not one of the Dt Hd. Quarters has been provided with these institutions

(8) A beginning may therefore be made in this direction by converting the Female Dispensaries in the Shimoga & Kadur Dts into maternities. Hassan District could wait for a year or two, as there is a Zenana Mission Hospital at Hassan itself. The other Districts may be taken up according to the urgency of each case and the convenience they at present possess in this respect

(9) As regards the initial and recurring charges I submit that the additional Establishment and other recurring charges should be borne by the Local Fods. In the case of Dt Hd. quarter towns, which are also Mcpl Towns, the half the cost of the recurring charges should be borne by the Mcpl Bd and the other half by the Dt Bd. The Extra cost on each of these Local Bodies would be about a little over Rs 100/- This will not be considered heavy now that additional revenue has

To

The Secretary to the Government of

H. H. the Maharaja of Mysore,

General Deptt., Bangalore.

Sir,

There is a large number of women of the Barber and other classes in every part of the State who are practising Midwifery in a crude and primitive ~~form~~ way and it is not possible to make them go to Bangalore or Mysore where alone arrangements at present exist for imparting training in Scientific Midwifery. In order, therefore, to offer training facilities to these Dayees and to other local -- Indian women desirous of being trained in Scientific Midwifery nearer their homes, I have the honor to propose the conversion of the existing Female Dispensaries in each of the Headquarters (except Bangalore and Mysore), into ~~small~~ small Maternities and training institutions. The existing buildings having been intended only for out-patients' requirements, the following additional accommodation will have to be provided at each of the places:-

(1) Lying-in-accommodation for 12 patients, preferably divided into 2 or 3 rooms containing 6 or 4 beds each- with bath rooms attached.

(2) Ward for waiting cases.

(3) A labor ward.

(4) A Kitchen.

(5) Residential quarters for
(1) a Midwife, 3 ayahs 6 pupil midwives, 1 cook and 1 toti.

Subject.

Submits a proposal for the conversion of the existing Female Dispensaries at District Head Qrs. other than Bangalore and Mysore, into maternities and training institutions for the benefit of local Dayees and others desirous of being trained in Scientific Midwifery.

These buildings may rougly cost about Rs.15,000/- and their equipment Rs.1,000/- for each District Headquarter.

The following additional establishment will also be required for these maternities:

(1) Midwife	Rs.15 plus 5
(2) 3 Ayahs @ Rs.8/- each	" 24
(3) 1 Female Cook on Rs.8/- ...	" 8
(4) 1 Toti on Rs.8/-	" 8
Total	Rs.60 per mensem.

The expenditure on Diets, Bedding & Clothing and other Hospital necessaries, calculated on the average of expenditure under these heads in the Bangalore Maternity, may be put down at Rs.100/- a month.

The pupils, while under training will have to live in the quarters on the premisses and be always under discipline. They will be given a scholarship of Rs. 10/- each, during the period of training, which may be limited to 6 months or 12 months according to the capacity of pupils concerned. In the case of women who have already been practising Midwifery, a course of six months' training may be sufficient to make them give up their old ways and learn the scientific methods. While in the case of pupils who are new to the profession, a full 12 months' course may be necessary.

In each case the candidates will be examined by a competent Board and on their passing the examination, they will be awarded diplomas entitling them to practise as Midwives. The amount required to meet the scholarship of 6 pupils @ Rs.10/- each will be Rs.60/- per month.

The total additional monthly recurring cost for each District Headquarter will thus be:

On Establishment	... Rs.	60
On Diet and other charges	"	100
On Scholarships	... "	60
Total	Rs.	220 a month or Rs. 2640 a year.

The local Municipal Midwife and the Relieving Midwife

of

of the District may both be made to work in the Maternity, when they are off their duty.

I request that Government may be pleased to approve of the scheme.

I have the honor to be,

Sir,

Your most obedient servant,

Senior Surgeon.

Sir,

I have the honor to enclose copy of a resolution passed by the Municipal Council in their meeting held on the 18th instant, regarding the construction of a maternity in Shimoga. The slender resources of this Municipality coupled with the extra expenditure that will have to be incurred on the enlarged scheme of water supply to the Town, do not, the Council regret, permit of any expenditure at present from Municipal funds under this head. Being the Head Quarter Town of the Malnad area, the Council hope that the establishment of a maternity in Shimoga will fulfill one of the necessities of the Malnad ryots. I therefore request you to kindly place this before the Government.

Sir,

With reference to your letter No. 2302-7 med 48-17-2 dated the 20th October 1917, calling for the views of the District Board and the Municipal Council of the Head Quarter Municipality in connection with the proposal for the conversion into small maternities, of the Female Dispensaries at the Head Quarters of Districts, and the extra expenditure to be borne by the two bodies, viz, District Board and Municipal Council Kolar, I have the honour to state that the District Board consider the proposal a good one and desire to know, if the proposed scheme can be made cheaper by starting with provision for 6. beds at the commencement, in the hospital.

2.

The Municipal Council, Kolar have resolved that four beds may be provided in addition to the two beds already existing in the Female Dispensary at Kolar, the training of midwives being for the present deferred. The council are also of opinion that an additional staff of

1 Midwife
2 Ayas
1 Cook

may be entertained for the proposed Institution, but as regards the expenditure connected with the scheme, they regret at present their finances do not permit the proposed scheme being worked without substantial Government help.

3.

Copies of resolutions of the two bodies on the subject are herewith submitted.

I have the honour to be,
